

After service operations, EA Group evaluates ESG Risk in the supplier retention process by using supplier evaluation form. EA has communicated ESG score results to each supplier via email and plans to develop a platform that enable suppliers to access peer benchmarking information and case studies to support ESG performance improvement. Additionally, suppliers may request more detailed and specific information from EA as needed.

Grade	Scores	Grade Descriptions
Grade A	$80\% < x \leq 100\%$	Pass/Successful.
Grade B	$65\% < x \leq 80\%$	Pass but needs improvement.
Grade C	$60\% < x \leq 65\%$	Requires improvement, will be communicated to the Purchasing department for further assessment. The supplier will undergo evaluation in the future.
Grade D	$x \leq 60\%$	Notify the vendor to improve and rectify, submit the result of the improvements to the purchasing department, and conduct an evaluation at the vendor's place of business. If non-compliance is still found, proceed to source for new vendor. Or in case that a new vendor is not found at that time, a document will be issued requesting approval to use this vendor by the Top Management team of that company and Technical Department/Quality Department/Procurement Department together sign the acknowledgment.
