Policy Announcement

Increasing Green Area

Currently, the world has to face the climate change, that could raise the world temperature. This change could affect human being by harsh natural event such as flooding, drought, wildfire and unusual rainfall. These natural disasters might be happened from deforestation from human. Energy Absolute Public Company Limited (EA) desire to be an organization that aware of world environment. EA prefer to enlarge green area, this objective could create and support balance of nature also prevent climate change. In addition, we willing to co-operate with local community to conserve forests. EA and affiliate companies establish the reforestation project to respond our objective, the main purpose is reforestation approximately 32,000 trees in 197.6 acres (500 rai) within 2037 in 7 provinces. Our target could be separated in 3 sessions

First session, in 2024 amount of green area 9,600 trees 59.3 acres (150 rai)

Second session, in 2031 amount of green area 19,200 trees 118.6 acres (300 rai)

Third session, in 2037 amount of green area 32,000 trees 197.6 acres (500 rai)

Announced on 16th May 2022
